## *Privacy Protection*

- 1) Use anti-virus software for your computers and keep updated.
- 2) Change your password and do not use the same one for all logins.
- 3) Do not click on links or attachments in suspicious emails.
- 4) Get your credit report at least annually and review it carefully.
- 5) Review your credit card charges and object promptly.
- 6) If you are notified of a breach, contact the credit bureaus promptly.
- 7) Consider a credit monitoring service.
- 8) Physical security – put your laptop/mobile device in the trunk or secure place.
- 9) Back up to the cloud or a backup drive.
- 10) Don't use free WiFi services.
